

NETPOULSAFE

WEBINAR ANNOUNCEMENT

Biosecurity in the hatchery

On May 4 th, 2023 at 5:00 p.m. Central European Time (CET) the third free webinar of the NetPoulSafe project will take place. In this third webinar we will discuss about Biosecurity in the hatcheries: what the egg is going on?

Hilde van Meirhaeghe and Luc Ledoux exchange views at a round table on the following key points: hatchery plays a pivotal role to guarantee chick quality and health, but also for human food safety. Biosecurity is the cornerstone to control E.coli, Mycoplasma and also Salmonella and Avian Influenza.

Hilde Van Meirhaeghe

Academic adviser Faculty of Veterinary Medicine -
at University of Ghent and Poultry Consultant (VETWORKS).

Luc Ledoux

Busines Development Manager Europe at CID LINES (an Ecolab company). Specialist in conducting training on cleaning and disinfection procedures internationally. Worked for a company producing hatchery equipment. (PETERSIME n.v.)
